

HR HEALTH CHECK

Self Assessment for business leaders

How would you rate your compliance with Modern Award allowances?

- ☐ I know I need to pay allowances but it's too confusing so we are not paying them
- ☐ I know I need to pay allowances, just unsure which ones and when
- ☐ I pay a flat hourly rate that I believe is enough to cover all allowances
- ☐ I am paying some allowances, however, could use a quick review to make sure it's all correct
- ☐ I am 100% confident that we are compliant in this area

How well do you believe you understand the differences between full time, part time and casual employment, including probation, leave, and termination requirements?

Not well at all

I'm aware of all
of the
differences

Are you aware of your obligations regarding casual employees' rights to request permanent employment (casual conversion) under the new legislation?

- ☐ Yes, but this does not apply to our business as we do not have casual staff or fall within the exemption criteria.
- ☐ I'm uncertain about how these changes apply to us, and this is a concern for my business.
- ☐ We have received verbal requests from casual employees but do not maintain written records of these requests and our responses.
- ☐ We acknowledge and respond to eligible casual employees' requests for permanent employment in writing, in line with the new legal requirements.

Position Descriptions provide an overview of roles, including duties, inherent requirements, responsibilities, reporting lines, and often key performance indicators. Position Descriptions can also assist in performance management activities.

From the below, choose all that apply.

- ☐ We do not have Position Descriptions
- ☐ Only some staff have Position Descriptions, or the ones in place are not comprehensive
- ☐ Position Descriptions are regularly reviewed to be sure they accurately reflect role requirements
- ☐ Position Descriptions are aligned with the relevant Award classifications
- ☐ Position Descriptions are written based on business requirements, rather than on the incumbent

☐

Position Descriptions contain no more than six role related responsibilities

Are you comfortable that your job advertisements appropriately reflect role requirements, and relate directly to the Position Description?

Yes

No
