

HR HEALTH CHECK

Self Assessment for business leaders

Do you have part time employees whose hours change from week to week? Are you aware of and complying with overtime payments for these employees?

We have part
time staff
whose hours
change
depending on
their availability
/ our
requirements
from week to
week

All changes to
part time hours
are
documented in
variation letters
and recorded

How confident are you that your employee records are complete, including evidence of all pay deductions, variations, leave applications, licenses and legislative requirements?

We don't keep
records

We have
comprehensive
records which
are kept for 7
years

How well do you believe you understand your obligations around excessive leave accruals, encouraging taking of leave, and leave payouts for excessive leave (not including at termination)?

I'm not
confident, this
is a concern for
my business

We handle
these
requirements
following the
Award

Are you paying leave loading as appropriate under the Award? If you have included this loading into a salary or hourly amount, is that clear in the contract?

Yes

No

When new employees start with your business, what information and training is provided? Please choose all that apply.
